1. INTRODUCTION

On 29 August 2022, the Company had announced its intention to seek authority from the shareholders to purchase up to 10% of the total number of issued shares of the Company on Bursa Securities.

The purpose of this Statement is to provide you with information on the Proposed Share Buy-Back, to set out the recommendation of your Board and to seek your approval for the resolution pertaining to the shareholders' approval for the Proposed Share Buy-Back to be tabled at the Company's forthcoming 4th Annual General Meeting ("4th AGM") or at any adjournment thereof.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

2.1 Details of the Proposed Share Buy-Back

In accordance with Section 127 of the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements governing the purchase of a company's own shares, the Company may, subject to the approval from its shareholders, purchase its own shares listed on Bursa Securities of up to 10% of its issued and paid-up share capital.

The shareholders' mandate for the Proposed Share Buy-Back will be effective immediately upon obtaining the approval of the shareholders of the Company for the Proposed Share Buy-Back at the forthcoming AGM, and will continue to be in force until:

- (i) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed at which time it shall lapse unless by ordinary resolution passed at that meeting, the shareholders' approval is renewed, either unconditionally or subject to conditions;
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) revoked or varied by ordinary resolution passed by the shareholders in general meeting,

whichever occurs first.

As at the LPD, the total number of issued shares of the Company is 640,672,649 ordinary shares. The maximum number of shares which may be purchased by the Company pursuant to the Proposed Share Buy-Back will be 10% of the prevailing number of issued shares of the Company.

In accordance with Section 127 of the Act, the Purchased Shares may be dealt with by our Directors in the following manner:

- (a) to cancel the Purchased Shares; or
- (b) to retain the Purchased Shares as treasury shares, where such shares are held as treasury shares, the Board may, at its discretion:
 - (i) distribute the shares as dividends to shareholders of the Company, such dividends to be known as "share dividends";
 - (ii) resell the shares, or any of the shares in accordance with the relevant rules of Bursa Securities;
 - (iii) transfer the shares, or any of the shares for the purposes of or under an employees' share scheme;
 - (iv) transfer the shares, or any of the shares as purchase consideration;
 - (v) cancel the shares or any of the shares; or

- (vi) sell, transfer or otherwise use the shares for such other purposes pursuant to Section 127 of the Act;
- or
- (c) to retain part of the Purchased Shares as treasury shares and cancel the remainder.

While the Purchased Shares are held as treasury shares, Section 127(8) and (9) of the Act states that the rights attached to them as to voting, dividends and participation in other distributions or otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting of the shareholders.

Pursuant to Section 127(2) of the Act, a company shall not purchase its own shares unless:

- (a) the company is solvent at the date of the purchase and will not become insolvent by incurring the debts involved in the obligation to pay for the shares so purchased;
- (b) the purchase is made through Bursa Securities and in accordance with the rules of Bursa Securities; and
- (c) the purchase is made in good faith and in the interests of the company.

Pursuant to the Listing Requirements, the Proposed Share Buy-Back is subject to, inter-alia, the following rules:

- (a) The public shareholding spread of 25% of its total number of issued shares is to be maintained at all times.
- (b) Pursuant to the provision of Paragraph 12.17 of the Listing Requirements, AME may only purchase its own shares at a price which is not more than 15% above the weighted average market price of AME Shares for the past 5 market days immediately preceding the date of the purchase(s).
- (c) Pursuant to the provision of Paragraph 12.18 of the Listing Requirements, the treasury shares arising from the share buy-back of the Company shall be resold or transferred, if so determined by the Board, at a price that is:
 - (i) not less than the weighted average market price (“**WAMP**”) of AME Shares for the past 5 market days immediately preceding the date of the resale or transfer; or
 - (ii) at a discount of not more than 5% to the 5 market days WAMP of AME Shares immediately prior to the resale or transfer, provided that:
 - the resale or transfer take place no earlier than 30 days from the date of purchase; and
 - the resale or transfer price is not less than the cost of purchase of the shares being resold or transferred.
- (d) An immediate announcement will be made to Bursa Securities in respect of the intention of our Directors to either retain the Purchased Shares or cancel them or a combination of both following any transactions executed pursuant to the approval granted under the Proposed Share Buy-Back.
- (e) The Proposed Share Buy-Back shall only be effected on the market of Bursa Securities via its automated trading system and shall exclude any direct business transactions as defined under the rules of Bursa Securities.

2.2 Maximum amount of funds to be allocated and the source of funds

The Company proposes to utilise internally generated funds and/or borrowings to finance the Proposed Share Buy-Back.

Under the Listing Requirements, the maximum funds to be utilised for the purchase of the shares shall not exceed the total retained profits of the Company. Accordingly, the Directors shall allocate an amount of funds which will not be more than the aggregate sum of the retained profits of the Company in respect of any purchase of shares pursuant to the Proposed Share Buy-Back.

Based on the latest audited financial statements of the Company for the financial year ended 31 March 2022, the retained profits of the Company were RM22,879,837. The Company shall ensure that the maximum funds to be utilised for the Proposed Share Buy-Back shall not exceed the aggregate of the retained profits of the Company.

The actual number of shares to be purchased, the total amount of funds to be utilised, impact on cash flows and the timing of the purchase(s) will depend on the prevailing equity market conditions and sentiments as well as the financial resources available to the Company at the time of the purchase(s). In the event the Company decides to utilise bank borrowings to finance the purchase of its own shares, the Board will ensure that there are sufficient funds to repay such borrowings and that such repayment will not have a material impact on the cash flow or earnings of the Company. In addition, the Board will ensure that the Company satisfies the solvency test as stated under Section 112(2) of the Act before executing the Proposed Share Buy-Back.

2.3 Potential advantages and disadvantages

The Proposed Share Buy-Back is expected to potentially benefit the Company and its shareholders as follows:

- (i) The Company may be able to stabilise the supply and demand of AME Shares in the open market thereby supporting their fundamental value and reducing the volatility of AME Shares;
- (ii) The Proposed Share Buy-Back provides AME the option to return its surplus financial resources to the shareholders of AME by enhancing the return-on-equity of AME Shares via the purchase of AME Shares in the market;
- (iii) The Proposed Share Buy-Back may enhance the earnings per share of the Company (in the case where the Board resolves to cancel the shares so purchased) and thereby long term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company; and
- (iv) If the shares bought back are kept as treasury shares, it will give the Board an option to sell the shares so purchased at a higher price and therefore make an exceptional gain for the Company. Alternatively, the shares so purchased can be distributed as share dividends to shareholders.

However, the Proposed Share Buy-Back, if exercised, will reduce the financial resources of the Company, which may result in the Company foregoing other investment opportunities that may emerge in the future.

The working capital of the Group may also be affected, as any purchase of AME Shares will reduce the Group's working capital depending on the actual number of shares purchased and the purchase price. However, the working capital of AME Group may recover and increase upon the reselling of the Purchased Shares held as treasury shares.

Nevertheless, the Board will be mindful of the interests of the Company and the shareholders in implementing the Proposed Share Buy-Back.

2.4 Public shareholding spread

As at the LPD, the public shareholding spread of the Company was approximately 40.1%. Assuming the Company implements the Proposed Share Buy-Back in full (under minimum scenario) and the shares purchased are from public shareholders, the public shareholding spread would be reduced to approximately 33.4%. In this regard, the Board undertakes that the purchase of AME Shares will be conducted in compliance with the 25% public shareholding spread as required by the Listing Requirements.

2.5 Implication relating to the Code

The Board is mindful of any potential implications relating to the Code and does not intend to undertake the Proposed Share Buy-Back such that it will cause any party to trigger any obligation to undertake a mandatory offer pursuant to the Code. However, in the event an obligation to undertake a mandatory offer is expected to arise with respect to any parties resulting from the Proposed Share Buy-Back, which is an action outside its direct participation, the relevant parties shall make the necessary application to the Securities Commission for an exemption from undertaking the mandatory offer under the Code prior to any buy-back of AME Shares.

2.6 Purchase, resale and cancellation of shares

This is the first time the Company is seeking authority from its shareholders to purchase its own shares. The Company has not made any purchase of its own shares or cancelled any of its shares in the past, nor does it have any treasury shares.

2.7 Historical prices of AME Shares

The monthly highest and lowest price of AME Shares as traded on Bursa Securities for the preceding 12 months from August 2021 to July 2022 are as follows:

Month	Share Price	
	High (RM)	Low (RM)
Year 2021		
August	2.84	2.43
September	2.77	1.49
October	2.03	1.49
November	1.89	1.73
December	1.93	1.71
Year 2022		
January	1.89	1.76
February	1.88	1.55
March	1.72	1.52
April	1.82	1.67
May	1.74	1.63
June	1.76	1.55
July	1.68	1.56

(Source: www.bursamalaysia.com)

The last transacted price of AME Shares on 1 August 2022, being the LPD was RM1.65.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back would enable the Company to utilise its surplus financial resources to purchase shares when appropriate, and at prices which the Board view as favourable. The Proposed Share Buy-Back would also enable the Company to stabilise the supply and demand of AME Shares traded on Bursa Securities and thereby supports its fundamental value, if required.

Other things being equal, the Proposed Share Buy-Back, regardless of whether the Purchased Shares are maintained as treasury shares or cancelled, will result in a lower number of AME Shares being used for the purpose of computing the earning per share. Therefore, the Proposed Share Buy-Back will improve the earning per share of AME, which in turn is expected to have a positive impact on the market price of AME Shares.

The Purchased Shares may be cancelled at such time(s) where the Directors are of the view that there is excess share capital and wish to reduce the number of shares in circulation. If the Purchased Shares are held as treasury shares, such shares may potentially be resold on Bursa Securities at a higher price and therefore realising a potential gain in reserves without affecting the total issued share capital of the Company. Should any treasury shares be distributed to share dividends, this would serve to reward the shareholders of the Company.

4. EFFECTS OF THE PROPOSED SHARE BUY-BACK

The effects of the Proposed Share Buy-Back on the issued share capital, net assets, earnings, earnings per share, working capital and shareholdings of Directors and substantial shareholders are set out below based on the following assumptions:

Minimum scenario : Assuming none of the outstanding Warrants are exercised prior to the implementation of the Proposed Share Buy-back.

Maximum scenario : Assuming all the outstanding Warrants are exercised prior to the implementation of the Proposed Share Buy-back.

The Company had on 26 August 2021 obtained the shareholders' approval on the establishment of an employees' share option scheme ("**ESOS**" or "**Scheme**") of up to 10% of the total number of issued shares of AME at any point in time during the duration of the Scheme. On 3 January 2022, the Company announced that the effective date for the implementation of the ESOS is 3 January 2022, being the date on which the Company fully complies with the requirements under Paragraph 6.43(1) of the Listing Requirements. As at the LPD, no ESOS options or shares have been granted and hence there is no outstanding ESOS options.

4.1 Share Capital

The effects of the Proposed Share Buy-Back on the total number of issued shares of the Company are set out in the table below.

	<u>Minimum Scenario</u> No. of Shares	<u>Maximum Scenario</u> No. of Shares
Total number of issued shares as at the LPD	640,672,649	640,672,649
Assuming full exercise of the Warrants	-	142,371,453
	<hr/> 640,672,649	<hr/> 783,044,102
Maximum no. of ordinary shares to be purchased and cancelled pursuant to the Proposed Share Buy-Back	(64,067,264)	(78,304,410)
Resultant number of issued shares after the Proposed Share Buy-Back	<hr/> <hr/> 576,605,385	<hr/> <hr/> 704,739,692

The Proposed Share Buy-Back will have no effect on the total number of issued shares of the Company if the Purchased Shares are retained as treasury shares or resold in the open market or distributed to its shareholders.

4.2 Net Assets

The effect of the Proposed Share Buy-Back on the consolidated Net Assets (“NA”) of AME Group will depend on the purchase price of AME Shares, the number of AME Shares purchased, the effective funding cost of AME Group to finance the shares buy-back, if any, or loss in interest income to the Company, and whether the Purchased Shares are cancelled, retained as treasury shares, resold on Bursa Securities or distributed as share dividends to shareholders.

In the event that all the Purchased Shares are cancelled, the Proposed Share Buy-Back would reduce the NA per share of AME Group if the purchase price of each Purchased Share exceeds the NA per share at the relevant point in time, and vice versa.

The NA of AME Group would decrease if the Purchased Shares are retained as treasury shares due to the requirement for treasury shares to be carried at cost and to be offset against equity, resulting in a decrease in the NA of AME Group by the cost of the treasury shares.

If the treasury shares are resold through Bursa Securities, the NA of AME Group would increase if the Company realises a gain from resale, and vice versa. If the treasury shares are distributed as share dividends, the NA of AME Group would decrease by the cost of the treasury shares.

4.3 Earnings and Earnings Per Share

The effect of the Proposed Share Buy-Back on the earnings and earnings per share of the AME Group will depend on the purchase price and the number of shares purchased as well as any loss in interest income to the Company. In the event the AME Shares purchased are held as treasury shares or cancelled, the lower number of AME Shares used in the computation of the earnings per share is expected to result in a general increase in the earnings per share of the AME Group.

4.4 Dividends

The Proposed Share Buy-Back will have the effect of increasing the effective dividend rate of the Company as dividends will be paid on the remaining issued shares of AME (excluding the

shares already purchased). However, the Proposed Share Buy-Back is not expected to have any effect on the policy for the Board in recommending dividends in the future.

The level of future dividend to be declared or recommended by AME will be determined by the Board after taking into consideration the performance, cash flow position and financing requirements of AME Group.

4.5 Working Capital

The share repurchased will result in an outflow of cash and thereby reduce the working capital of AME Group, the quantum of which is dependent on the purchase price of AME Shares, the number of AME Shares repurchased and the funding cost, if any. However, the working capital of the Company will increase upon reselling of Purchased Shares which are retained as treasury shares. In addition, the quantum of the increase in the working capital will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

4.6 Shareholdings of Directors and Substantial Shareholders

The effects of the Proposed Share Buy-Back on the shareholdings of Directors and substantial shareholders are as follows:

APPENDIX I – FURTHER INFORMATION

1. DIRECTORS' RESPONSIBILITY STATEMENT

This Board has seen and approved the contents of this Statement, and they collectively and individually accept full responsibility for the accuracy of the information given in this Statement. The Board confirms that after making all reasonable enquiries and to the best of their knowledge and belief, there are no other facts, the omission of which would make any statement herein false or misleading.

2. MATERIAL CONTRACTS

As at the LPD, neither AME nor any of its subsidiaries have entered into any contract which are or may be material (not being contracts entered into in the ordinary course of our Group's business) during the 2 years immediately before the date of this Statement.

3. MATERIAL LITIGATION

Save as disclosed below, neither AME nor any of its subsidiaries is engaged in any material litigation, claims or arbitration, either as plaintiff or defendant, and the Board is not aware of any proceedings pending or threatened against the AME Group, or of any facts likely to give rise to any proceedings, which might materially or adversely affect the financial position or business of AME Group:

The Company announced to Bursa Securities on 5 July 2021, that AME Development Sdn Bhd, a wholly-owned subsidiary of the Company, had been served with a Notice of Additional Assessment, dated 30 June 2021, by the Inland Revenue Board of Malaysia ("**IRB**"), for additional income tax and penalty amounting to RM7,162,159.10 for the year of assessment 2018 ("**Notice of Additional Assessment**"). The Notice of Additional Assessment was raised mainly pursuant to the dispute by the IRB on the withdrawal of stocks as investment properties.

After consulting its tax agent and tax solicitors, the Company is of the view that there are reasonable grounds to challenge the basis of assessment raised by the IRB. On 14 July 2021, AME Development Sdn Bhd filed an application for judicial review to the High Court of Malaya at Kuala Lumpur against the Notice of Additional Assessment raised by the IRB, via its solicitors Messrs Rosli Dahlan Saravana Partnership.

There will not be any imminent financial effects on the Company pending the outcome of the appeal.
